

GUELFO - PLANTER

Cod: 00028

Guelfo planter in terracotta. Available in different finishes.

This product, made in our Florentine atelier with typically Italian mastery and flair, fits perfectly into classic interiors and its quality is always guaranteed by compliance with internal production processes certified according to ISO 9001-2015 standards.

Our plant pots have a decorative function, meaning they should not be used without an internal pot to hold the plant and a plastic saucer to collect any excess water. Temperatures below freezing can create micro-cracks in the glaze, which over time could damage the surface. Therefore, it is recommended to place them in environments protected from the elements
