MARIONI

SHIELD A - ILLUMINATED MIRROR

Cod: 03000A

A semicircular mirror featuring a side light diffuser made of polycarbonate with an ice-like finish. It is equipped with a perimeter LED strip that casts a soft glow onto the wall behind it. Each piece in the Shield collection stems from in-depth research into ancestral forms and motifs, resulting in an innovative design that blends tradition with modernity. Crafted from sustainable, recyclable materials such as glass and natural travertine, this mirror adds elegance and charm to any space.
